Study planner

PLAN START 23 Oct 2026 | 3.0 available hours / study day

DAILY AVAILABILITY	PLAN PROGRESS	REMAINING EFFORT	FORECAST FINISH
3.0 h	0%	1080 h	08 Aug 2028
Total time before usability adjustment	Effort-weighted completion	Includes your contingency allowance	Selected scope and current allocations

READY | 2.55 usable hours / study day across three shared-capacity tracks

01 Configure hours | 02 Update progress | 03 Log practice | 04 Review topics

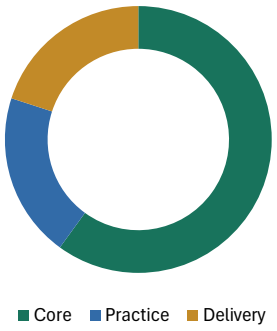

Your daily capacity

TRACK	SHARE	HOURS / DAY	REMAINING
Core	60%	1.53 h	694 h
Practice	20%	0.51 h	192 h
Delivery	20%	0.51 h	194 h

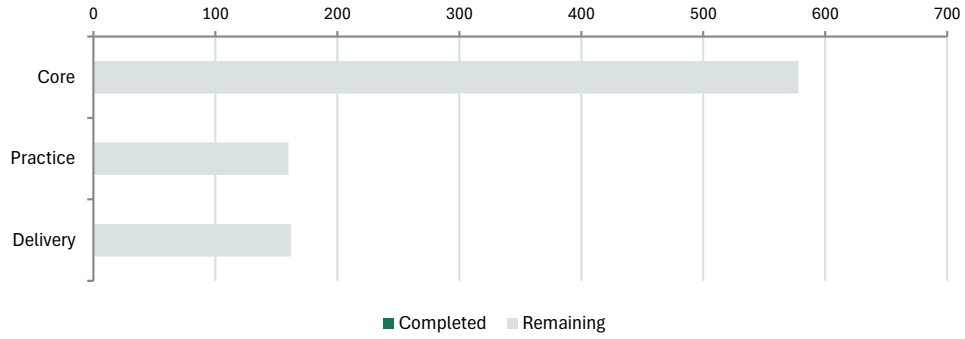

Next scheduled module by track

Core	FDE role and delivery orientation
Practice	DSA fundamentals and first pattern exercises
Delivery	Discovery and business workflow framing

Daily time allocation

Estimated hours by track

Hours chart excludes contingency. Daily allocations share one budget; idle capacity is not automatically reassigned.

NeetCode | LeetCode | Deep-ML | DataLemur

Planning estimates, not deadlines or a guarantee of mastery. Amber cells are editable. Protected cells prevent accidental formula changes; protection is not encryption. Start a new plan from the template.
